II — BOARD OF DIRECTORS/COMMUNICATIONS

A. Board Communications:

Will Holland, student board representative, reported that school is going well and is very different from last year. Homecoming is slated for October 2\textsuperscript{nd} with Coronation on September 30\textsuperscript{th}. Fantastic events are being planned. Mr. Nelson added that Will is on homecoming court.

Student board representative, Lauren Cary, stated that she likes the new schedule. She said CHOICE makes the day more interesting.

Mrs. Merrill commented that Homecoming Coronation is a wonderful community event and encouraged all to attend. Coronation is at 7:00 pm in the high school Commons.

Mrs. Dahlquist reported she had just returned from the Puyallup Fair where her daughter was involved with 4-H. The activities that students are involved in – 4-H, FFA, photography projects – are great, educational experiences for students. These teach kids about winning and losing, and that hard work pays off.

Mr. Nickson shared that he attended the FFA barbeque prior to the high school Open House. There are two new teachers in the program. Students have already won awards in competition the
first couple of weeks of school. This program is unique in that it is not offered in all districts and Mr. Nickson would like to see it kept strong.

Mr. Cassell reported the Robotics Program at the high school is doing well with 16-17 students involved and enjoying it. He thanked Helac and Hill Aerosystems for sponsoring the program at $1,000 each. The students are well on the way to purchasing the robot kit and paying expenses. Participants meet in Mr. Basting’s room 419 where they have a work area and tools. A kick-off event was held several weeks ago. Regional competition will be held in December and state competition in January. Students have 12 weeks to build the robot. This is a great learning opportunity.

Mr. VanHoof congratulated the Cross Country Track Team on the sportsmanship award they received at the Seaside Oregon invitational.

Mrs. Merrill gave an update on the Enumclaw Schools Foundation. This fall, the foundation is offering the opportunity for staff to apply for enhancement grants. Principals have the applications in each building. The Foundation hopes to award the grants next month. A foundation informational event will be held at Sip City on October 14th. Also, United Way contributions can be made to the Foundation this year. These contributions will help to fund scholarships next year. The Foundation website is almost ready to launch at www.enumclawschoolsfoundation.org.

B. Superintendent Report:

Mr. Nelson stated it was day 15 of the school year already. A different viewpoint by staff has resulted in homework assignments according to students which is positive evidence that staff are working toward the three goals established by the board. Mr. Nelson distributed data regarding the high school intervention plan. This is an important matter to the board and was discussed at a special workshop in August. The statistics compiled show how interventions are being implemented for students who have D or F grades and what the staff is doing already to address concerns. Mr. Nelson said it will be interesting to look at the next three-week cycle. New strategies to engage students include new signage with opportunities displayed; examples of opportunities on hand-outs; and announcements. Grades have been posted for parents and students to review. Mr. Nelson stated his appreciation for the high school staff and administrative team for the hard work they are doing. Mrs. Dahlquist asked if the increase in CHOICE opportunities is because fewer students are needing CORE. Mr. Nelson responded affirmatively and said he has been over at the high school during CHOICE and found students working in study teams. Students can also find AP support and CTE options. Some of the classes are blended. Mr. Cook had three students needing support and other students were there for CHOICE. Mrs. Merrill remarked that it would be good to use the website to advertise the opportunities available to students.

At the last board meeting, the board passed a resolution to name the soccer fields in honor of Thomas J. Poe, Sr. A dedication of the fields and the unveiling of the sign will be held on October 5th at 2:45 p.m. prior to the girls soccer match. Mr. Poe’s family will be present. RK Graphics is working with Mr. Madden on creating the sign. A reception will follow the dedication at the field. Past board members and administrators are being invited to attend as well.

Mr. Nelson reported that Mr. Parker shared we have six teachers providing a training for the Muckleshoot Tribal School on Math Expressions.
Regarding the state budget, Mr. Nelson stated that a $520,000,000 deficit was announced by the state last week. It appears there will be some mid-year budget adjustments even though it is being reported that public education is protected. Funding sources not considered basic education are not protected. Mr. Nelson and administration is staying connected with the ESD to determine how we can be proactive. The district has never experienced mid-year budget adjustments before. The board will be kept apprised as details are received.

Mrs. Merrill asked if anyone present wished to address the board as a whole to please step forward and state their name and complete an information card for the board secretary. She explained we want to properly record and recognize those who present during the meeting.

Mrs. Merrill stated that this is the first reading for this policy and it will be on the October agenda for approval. Mr. Nickson clarified that both leaves are tied to the employee’s spouse.
E. **General Fund Report:**

Mr. Madden stated that he gets financial information and calls the Puget Sound ESD or networks with other business directors to talk about the budget issues. They are discussing what will happen next. It is interesting to think of making reductions in the middle of a budget year.
