INSTRUCTION

Field Trips, Excursions and Outdoor Education

Field trips are defined as travel away from school premises, under the supervision of a teacher, with an approved course of study, for the purpose of affording students a direct learning experience not available in the classroom. The transportation costs for all such field trips conducted during school hours shall be borne by the district. The following procedures shall apply:

Field Trips

A. Each school shall receive a field trip budget.

B. The staff member shall submit a completed field trip request form to the principal at least two weeks prior to the field trip.

C. The staff member shall contact the site to make specific arrangements for the field trip so that the desired activity can be coordinated with the classroom studies.

D. The staff member shall be responsible for securing additional adult supervision for the trip (one adult to a maximum of ten students).

E. If private vehicles are used, field trip forms shall be completed which acknowledge the name of the driver of each vehicle to be used. The principal will contact the district office to determine if the district's liability insurance coverage will protect the driver.

F. Each student participating in a field trip must first return a permission slip signed by his/her parent. Parents shall be informed if private vehicles are to be used for the field trip.

G. A letter of appreciation should be sent to the site host upon completion of the field trip.

H. A student who has failed to demonstrate responsible behavior may be denied participation in field trips by the principal.

Outdoor Education

A. The outdoor education plans for the coming school year shall be presented to the board for approval.

B. All staff to be involved shall be notified of plans after board approval.

C. The proposed curricula for the outdoor education school shall be presented to teachers at least one month prior to the session.
D. Information to parents regarding fees, special clothing, dates, supervising proposed activities and other duties shall be sent to parents at least one month prior to the session. The parent must sign an approval form.

E. A student who has failed to demonstrate responsible behavior during field trips may be denied the right to participate in outdoor education.

F. Students must purchase accident insurance or have family accident insurance.

G. Students who are unable to pay the fee may be granted a waiver or reduction if they meet the USDA Child Nutrition Program guidelines.

**Overnight Field Trips**

A. The staff member must submit to the principal a written plan, including purpose, supervision, itinerary, cost, housing and student costs (if any) at least two weeks prior to submission to the board.

B. After approval by the principal, the proposal should be submitted to the superintendent at least one week prior to the board meeting. Secondary proposals should be submitted to the superintendent at least one week prior to the trip.

C. The staff member should attend the board meeting to answer any questions the board may have.

D. After approval by the board, a written description of the overnight field trip shall be sent to the parent. All such field trips are optional. Parent permission is required.

**International Travel**

Approval of international travel shall be subject to the United States Department of State travel warnings. Travel warnings are issued when the state department decides, based on all relevant information, to recommend that Americans avoid travel to a certain country. Prior approval will be cancelled. This notice shall be given to parents prior to final approval. The district will not be responsible for lost deposits, cancellation fees, tickets costs or other fees resulting from cancellation.
