Parent/Student Math Advisory Night

Students in grades 8-12 are invited to participate and parents are welcome & encouraged to attend.

The purpose of the evening is to advise students on high school math classes. These choices are critical for vocational occupations, college readiness and competitiveness as well as mathematical proficiency. Math faculty from high schools, 2 year colleges and 4 year universities will be present. To understand the expectations colleges have for entering students, participants may take the college math placement assessment, COMPASS, for FREE!

Registration:
Students must register by January 31, 2008. Register and sign up for the college math placement assessment, COMPASS, at www.project-time.org

For more information contact the WA State Center of Excellence for Careers in Education: (253) 833-9111, ext. 4360, or email Marilou Christiansen at mchristiansen@greenriver.edu
