

## Clubs and Activities at Enumclaw

Enumclaw High School has many clubs and activities that support 13th Year Planning. Involvement in these programs and activities are an excellent way for students to demonstrate leadership, teamwork, and interpersonal skills. Many universities, colleges, scholarship committees, apprenticeship programs, and employers value student experiences in extracurricular activities.

The Activity Eligibility Card is the activity/club clearance form, which includes emergency information, and indicates that the student is cleared to participate. This form also acknowledges the rules of academic eligibility and the athletic/activity code.
