Enumclaw Middle School

School Improvement Plan
2016-17

District Goals 2016-17:
● To improve student achievement in literacy, numeracy and high school graduation
● To reduce the learning gap for all students in these and other achievements

Core Strategies 2016-17:
● To reaffirm the PLC framework as our primary strategy to maximize student and staff learning
● To promote widespread ownership of learning for students and staff throughout our system
● To cultivate an environment that is inclusive and sensitive to underrepresented populations
● To provide opportunities for student voice in matters of learning

Improve Student Achievement in Literacy, Numeracy and High School Graduation

● To improve student literacy across content areas and improve numeracy in math.

* Staff will examine the characteristics of what it means to be College and Career Ready, link these characteristics to Key Shifts of the Common Core in ELA and Math and identify their literacy focus based on their examination of the Washington State Learning Standards (WSLS)
* Staff will utilize the PLC structure to deepen their understanding of their Content Area focus in literacy or numeracy
* Begins during August Inservice and the identified focus will continue all year
* The structure for the work is designed by the administration and the oversight is supported by the building Leadership Team
* A PLC agenda framework designed by the administration will be piloted while allowing staff to
* The structure for the work is designed by the administration and the oversight is supported by the building Leadership Team
* Examine student literacy and numeracy data through STAR progress monitoring during the year
* PLC effectiveness will be monitored during the year through anecdotal records of building leadership and administration. Staff will
* Staff will utilize additional contract hours provided in the EEA contract to identify professional growth activities tied to improving their understanding of literacy and numeracy in their content area
* Staff will be trained in the use of the STAR assessment
* Continued job-embedded training tied to effective PLCs will occur during the year based on anecdotal evidence collected.

| 1. Identify aspect of teaching identified for improvement  
2. Collaborate with colleagues on strategies and assessment  
3. Implement strategies  
4. Evaluate outcomes with colleagues and decide on next steps | | |

**Reduce the Learning Gap for All Students in These and Other Achievements**

**To improve instructional practices and support systems to close the learning gap for all students**
- Staff will identify the learning gap of focus either for their content area as a PLC or by their classrooms as individuals. This focus will translate into their TPEP Student Learning goal.

**Staff will examine summative data in August and follow up with formative classroom data during the month of September- goals will be formulated in October and reviewed in November**
- Administration will provide summative data
- Teachers will generate formative classroom data
- Administration will develop the process for goal writing and review

**Staff will examine summative data in August and follow up with formative classroom data during the month of September- goals will be formulated in October and reviewed in November**
- Administration will provide summative data
- Teachers will generate formative classroom data
- Administration will develop the process for goal writing and review

**Restructure the school day for SWD to provide core grade level instruction as well as additional time for instruction and intervention to support identified needs**
1. 6-8 students assessed below grade level in reading and writing will be placed in READ 180 along with their core ELA class
2. 6-8th grade students who are below grade level in math will receive directed support through enrollment in DreamBox
3. Identify 6th/7th students for appropriate placement in a general education math class along with a resource math class

**Special Education teachers will provide intervention leadership and oversight**
- Math and ELA staff will provide leadership and oversight tied to core curriculum instruction
- Grade Level PLC teams will monitor “gap” students during each of the grading periods

**Grade Level PLC teams will monitor “gap” students during each of the grading periods**
- Reading/Writing Students will be progress monitored using tools in the READ 180 program with the goal of students reading at or above grade level
- Math students will be progress monitored using DreamBox assessment.
- Data collected from last year indicated that student enrolled in READ 180 had higher growth rates than their peers.
- Data collected from last year indicated that students enrolled in DreamBox grew at a rate 2x that of their cohort peers

**Evidence of effectiveness will be reviewed during PLC grade periods as well as individual TPEP inquiry cycles.**
- Staff will be trained in understanding how to read the Student Growth Reports as well as how to access data to identify learning gaps

**1 initial training in August and coaching follow-up for teachers in READ 180**
Team teach classes where SWD are “pushed-in” and modify what “team teaching” looks like to address available time and resources.
